

Immediate needs (\$50,000)

- Vehicle: A reliable vehicle is critical for building relationships, and transporting supplies/staff throughout the region.
- Utility Carts: Utility carts will improve efficiency by providing a convenient way to move tools, materials, and personnel around the campgrounds.
- Landscaping Equipment: Proper landscaping tools and machinery will allow us to maintain the grounds, ensuring a clean, safe, and inviting environment for all visitors.

Addressing these immediate needs will enhance our ability to care for the camp's facilities, meet operational demands, and provide a seamless experience for our guests.
